HOMEBASE
Bespoke

If you're after some rustic charm, our collection of traditional kitchens has a great selection of timeless designs and ornate finishing touches

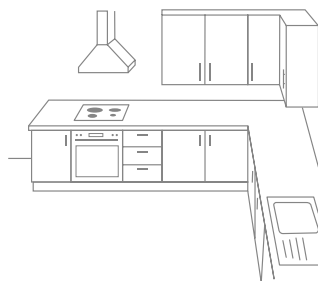

Consider the layout of your space

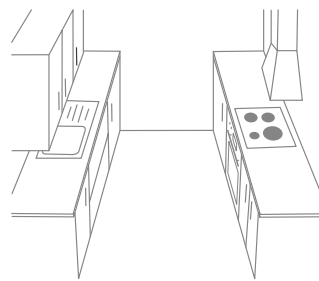

Linear

Utilising only one wall, a linear kitchen makes the most of smaller spaces but can work in larger spaces too

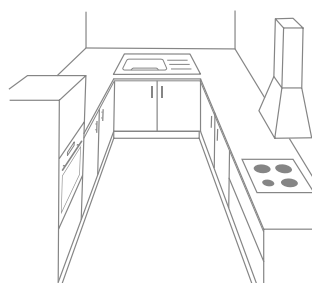

L-shape

A popular choice over two walls, leaving room to move around while upping your storage

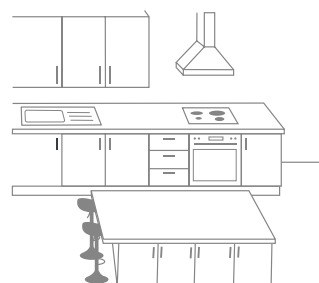

Galley

Perfect for narrow rooms, galley kitchens maximise space across two opposite walls

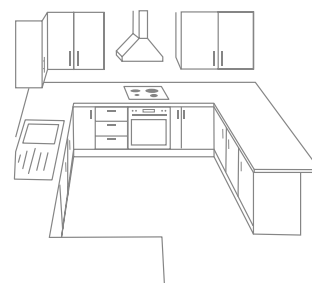

U-shape

A U-shape kitchen makes for easy access to storage and worktops, with plenty of room for kitchen essentials

Island

Having space for an island lets you create a flexible space for more storage and seating

G-shape

The G-shape design maximises your storage and creates a sociable setup.

What to think about when measuring your space

Room dimensions

- Walls, inc. exterior ones
- Height of room
- Boiler & radiators
- Windows & doors, inc. frame and which way they open

The Details

Location of sockets

- Waste pipes
- Air vents
- Gas pipes

Appliances

- Integrated / free standing
- Any existing appliances

FREE Design Service

Let us help you achieve your dream kitchen with our free design service. From home measuring services to in-store and virtual design appointments, we can walk you through the process. Once you've chosen your style, we'll help you visualise your new kitchen with 3D renders and go over the practicalities of your space, so you can feel confident in your design!

Specification

Understanding your new kitchen

Though kitchens may look similar, it's worth taking the time to understand what goes in to your kitchen so you can be assured of longevity

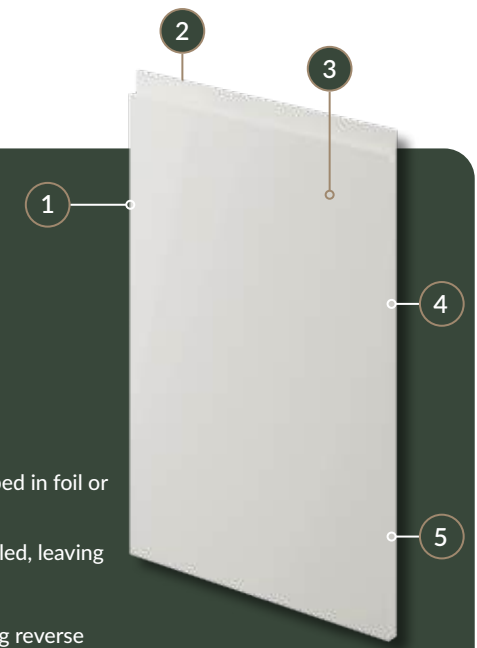

Doors

Our Doors:

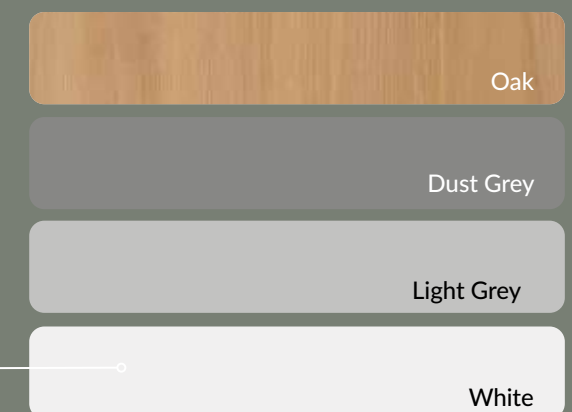

- 1 ✓ 18-22mm door thickness
- 2 ✓ MDF or real timber materials
- 3 ✓ 2mm PVC on leading edges
- 4 ✓ Painted finishes for quality and longevity on all Homebase Kitchens and Homebase Bespoke
- 5 ✓ Homebase Kitchens & Bespoke doors have matching reverse

Other Kitchens:

- ✗ 16-22mm door thickness
- ✗ Chip board or inferior materials
- ✗ Cut and edged finishes, or wrapped in foil or PVC – prone to bubbling
- ✗ Some J pull doors are double drilled, leaving unsightly holes or cover caps
- ✗ Not all doors will have a matching reverse

Cabinets

Our Cabinets:

- 1 ✓ 18mm back panel for added rigidity on base units
- 2 ✓ 100mm cross rail for added stability & easy installation
- 3 ✓ 2mm PVC on leading edges
- 4 ✓ 18mm thickness
- 5 ✓ Up to 4 cabinet colours, Homebase essentials available in white only

Other Kitchens:

- ✗ 3-8mm panel thickness – prone to breaking
- ✗ 50mm or no cross rail
- ✗ No edging, taped, or less than 1mm PVC – more likely to absorb water
- ✗ 15-18mm thickness
- ✗ Fewer colours, or available in limited sizes

Avoid peeling & bubbling with our high specification doors

Handleless Kitchens

Embrace sleek simplicity with one of our beautiful handleless kitchen designs, letting the colour and finish of your kitchen cabinets and drawers shine through

Worktops

A solid and reliable worktop is one of the most important considerations in a new kitchen. Use yours to add contrast colour and texture, as well as provide the perfect base on which to work

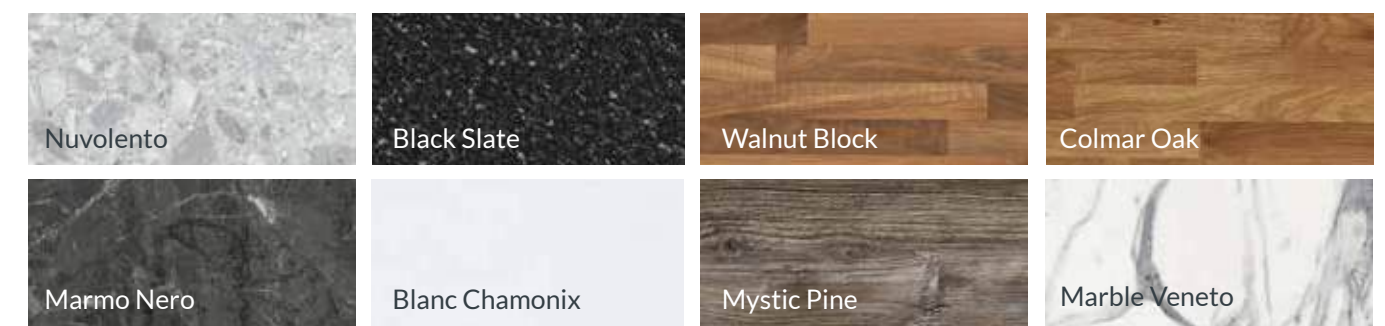

Laminates

Laminate worktops are highly durable, practical and remain a highly popular choice in the UK. Select from the classic 38mm thickness or 22mm or the new 12.5mm for a minimalist aesthetic.

38MM SQUARE EDGE LAMINATES

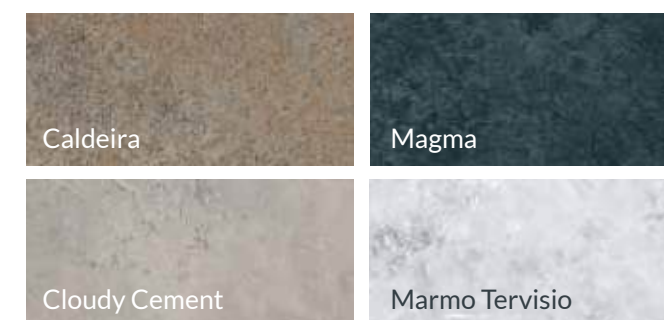

38MM BULLNOSE LAMINATES

12.5MM COMPACT LAMINATES

You don't have to sacrifice style to guarantee top performance. Compact Laminate looks, feels and performs like stone, but is created from solid laminate. 100% waterproof, super tough and designed for use with under-mount sinks, they're a great choice for any kitchen

minerva®

With a luxurious appearance, cool touch, and robust performance, your aspirations can be reality with seamless joints and design flexibility

minostone®

Mirostone® is a pure solid surface through and through. It has no chipboard or any other absorbent core, making Mirostone® completely waterproof. Even the hot steam from an opened dishwasher cannot damage it! The 100% waterproof quality of Mirostone® makes it one of the most hygienic surfaces available, because a clean, dry surface prevents bacteria from developing

The narrower profile of Mirostone creates a more contemporary luxurious finish whilst offering a smooth soft touch

Appliances

We've carefully selected four brand partners to offer a comprehensive range of appliances to finish your new kitchen. All of our appliances are fully integrated to create a seamless look within the kitchen. Talk to our designers to help understand ratings on product efficiency and the features that differing appliances offer.

Brand Partners

A brand you instinctively know and trust, Bosch have been manufacturing kitchen appliances since 1949 but their aspiration to keep getting better doesn't change

Neff appliances are designed to inspire kitchen creativity. Whether it's a four course meal or a dessert you can't get enough of, a Neff inspired kitchen is equipped for every dish

Once synonymous with vacuum cleaners, Hoover became an iconic domestic brand in Europe for washing machines in particular. The range now includes cooking, laundry and refrigeration

Candy's DNA is to simplify daily life and provide the best value for money. A kitchen brand for over 70 years, Candy's first ever product was a washing machine

Appliance Advice

Appliances are an integral part of your new kitchen and there are plenty of considerations. Gas or electric, built-under oven or integrated into a larder and specific oven functions, are just three of the things that should be on your list. Fortunately, our experts in store are on hand to help you decide what suits your needs and your budget the best.
